Editor, Raphaella Brescia Barkley, writes about BRANDY, “I love it, and it does seem to have some effect on the psyche. It is rejuvenating, yet relaxing and very unusual. It is unisex as well, my husband loves it. It morphs into something gorgeous on the skin.”

### *BRANDY Fragrance*

*Every so often, a fragrance is launched that generates ever-widening circles on its own merit, something like the ripples created by casting a stone on still water. BRANDY eau de toilette is such a phenomenon.*

*First created by artist Patricia Namm who used Brandy, a striking palomino horse, as her muse, the fragrance was immediately embraced by the so-called 'horsey' set. It has been featured in countless glossy equine publications and catalogues, both here and abroad.*

*Now the message is out as women and men of all ages engaged in diverse sports and activities adopt this fragrance for themselves. We think it is the suggestion of distant fields, rolling aromatic meadows, apple and peach top notes, and herbaceous heart notes that account for the appeal of this pleasing scent. Just one mist from the handsome eau de toilette spray bottle has the ability to erase stress and turmoil, and transport the most jaded urban dweller to verdant countryside for a reviving and cleansing visit.*

*BRANDY eau de toilette, Available in Natural Sprays: 1.7 fl. oz. ( 50ml), 3.4 fl. oz. (100ml); BRANDY body lotion, Made in Switzerland: 8.0 fl. oz. (250ml).*
